The selected bonus project, any reallocation projects, and new and renewal projects will be reviewed by the OAEH NOFO Committee and prioritized during the OAEH Rank and Review process.

Methods for applying for HUD CoC funds for a New Project

There are three ways that agencies can apply for funding for a new project:

CoC Bonus Funds

- a) Any agency can apply for CoC Bonus dollars for a new or expansion project for permanent housing

- b) The OAEH will accept applications for Permanent Housing (Joint TH/RRH, PSH, or RRH) applications to serve households. Applications that demonstrate coordination with housing providers and healthcare organizations (as defined in the [NOFO](#)) and those that demonstrate a plan to use funding to improve System Performance Measures will be prioritized

DV Bonus Funds

Any agency can apply for Domestic Violence Bonus dollars for Rapid Rehousing or Joint Transitional Housing/Rapid Re-housing projects to serve survivors of domestic violence, dating violence, and stalking.

Re-allocation of a current CoC Renewal grant

If an agency has an existing CoC Renewal grant, an agency can choose to voluntarily reallocate those funds to create a New project to offer Permanent Supportive Housing or Rapid Re-Housing.

Component Definitions

Joint TH and PH-RRH Component Project (TH: RRH) is a program type for households who have identified an interest in congregate housing prior to finding permanent housing within the community, or in situations where the permanent housing stock is not readily available. In order to be compliant with Housing First Model, the choice between the two housing types needs to be made by the client, not the program, and needs to steer away from focusing on deeming any person “housing ready.” It should be noted that, unless under very specific circumstances, the project should work on a permanent housing location within a few days of enrollment, similar to other RRH projects.

Permanent Supportive Housing (PH: PSH) is a non-time limited housing option available to persons who are homeless AND have a disability. New projects submitted during the 2023 competition must be either 100% dedicated to persons experiencing chronic homelessness, as defined by HUD, or a Dedicated Plus Project. More information on the Dedicated Plus Projects can be found in the [NOFO](#). Projects following this program type will be expected to demonstrate their due diligence in utilizing this option to prioritize the most acute and vulnerable persons within the community. A checklist showing a sample chronic qualification check sheet can be found [HERE](#).

Rapid Re-Housing (PH: RRH) emphasizes housing search and relocation services and short- and medium-term rental assistance to move literally homeless households (with or without a disability) as rapidly as possible into permanent housing. More information on implementing a RRH program can be found [HERE](#).
