## 2A. Project Detail

- 1. CoC Number and Name:** MO-600 - Springfield/Greene, Christian, Webster Counties CoC
- 2. Collaborative Applicant Name:** City of Springfield MO
- 3. Project Name:** MO-600 CoC Planning Grant FY 2021
- 4. Component Type:** CoC Planning Project Application

## **2B. Project Description**

### **1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with 24 CFR 578.7:**

The proposed project will support one FTE position responsible for the continued development and implementation of system level strategies to end homelessness throughout the CoC's geographic area while addressing all applicable HUD regulations through operation of the CoC and HMIS, strategic planning, and facilitation of the local competition process for CoC program funds.

The FTE position will support operation of the CoC and HMIS through facilitation of regular CoC and committee meetings, creation of new CoC committees to address emerging needs, outreach to and engagement with system and mainstream partners, and the provision of technical assistance and training related to compliance with federal guidance, local policies, and best practices for HUD CoC funded agencies regarding CES, project components (ie RRH, PSH, etc.), Housing First, VAWA, equity, and trauma informed care.

Funds support CoC strategic planning through quarterly monitoring of expenditures and system performance of all CoC funded projects and CES; development and regular review of written policies and procedures for federally funded programs; and quarterly review of system performance, development of performance benchmarks, and strategies to improve project and system level progress towards benchmarks.

Funds support the implementation and oversight of the local competition process, which is guided by the CoC's strategic plan, prioritization policy, project performance (measured by on-going evaluation of project's outcomes on System Performance Measures, effective spending, participation with CES/HMIS, and engagement with CoC), local need (as determined by PIT/HIC and CES data), and alignment with consolidated plan(s).

Combined, these proposed activities will continue to ensure system level coordination to effectively respond to and prevent homelessness for all populations in the CoC geographic area.

### **2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.**

The proposed project will begin 30 days after grant execution with HUD and when the City of Springfield has completed an annual scope of work for all components of planning for and operation of the CoC. The City of Springfield and CoC Executive Board are responsible for ensuring the general operations of the CoC and HMIS take place. This includes implementation of and regular review/updates to the CoC Strategic Plan and CoC written policies and procedures (including Prioritization Policy), based on system changes identified

through CES, PIT/HIC data, and review of System Performance Measures. The City of Springfield, in partnership with the CoC Executive Board's NOFO Committee also ensures transparency and equity in the local application process for HUD CoC program funds (through a planning session for current grantees and interested parties on the application timeline, local priorities, and ranking/reallocation process) and regular monitoring of CoC funded agencies (through quarterly review of project spending, CES participation, and performance) as well as quarterly reviews of system level performance across the CoC. Review of these data sources inform technical assistance, project scoring, and reallocation.

**3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?**

The requested funds support a dedicated FTE staff position to support the CoC's evaluation of CoC and ESG funded projects. The CoC has implemented an objective and transparent system for funded projects. This system is based on quarterly monitoring of projects' spending (compliance and timeliness), CES involvement, and project performance via review of HMIS reports and e-LOCCS reports. This process informs the ranking of projects for federal funding allocations. The CoC and HMIS Lead also regularly monitors CES for efficiency, effectiveness, and equity through bi-monthly case conferencing meetings and agency/project participation reports for all projects based on adopted CES policies and procedures (which outline required participation levels, timeliness, training, and process for accepting referrals). Lastly, the CoC works with projects to facilitate coordination with mainstream partners to address barriers to accessing and maintaining safe, decent, and affordable housing with a specific focus on sub-populations (Veterans, youth, survivors of domestic violence etc).
