

## Before Starting the Project Application

**To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.**

Things to Remember:

- Additional training resources can be found on the HUD.gov at [https://www.hud.gov/program\\_offices/comm\\_planning/coc](https://www.hud.gov/program_offices/comm_planning/coc).
- Questions regarding the FY 2021 CoC Program Competition process must be submitted to [CoCNOFO@hud.gov](mailto:CoCNOFO@hud.gov).
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to [e-snaps@hud.gov](mailto:e-snaps@hud.gov).
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2021 Continuum of Care (CoC) Program Competition. For more information see FY 2021 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2021 CoC Program NOFO.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2019 Project Application will be imported into the FY 2021 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2021 CoC Program Competition NOFA.

## Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Due to e-snaps limitations, only previously submitted renewal applications can import data into the FY 2021 renewal project application. The data from previously submitted new and renewal project applications can be imported into a FY 2021 renewal project application. The “Submit without Changes” process is not applicable for:

- first time renewing project applications
- a project application that did not import last FY 2019 information
- a project that had Issues or Conditions that were addressed in FY 2019 Post-Award and updates need to be reflected in the FY 2021 project application
- a project that had amendments approved in FY 2019 or FY 2020 that need to be reflected in the FY 2021 project application

e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that brought forward data from FY 2019 and have either a Leasing budget, Operating budget or use HUD PAID RENTS (Actual Rents) instead of FMR MAY NOT use the “Submit Without Changes” process and e-snaps will automatically be set to “Make Changes”. All Leasing and Operating budgets, along with Rental Assistance budgets that use HUD PAID Rent will need to be updated in the application. Refer to the GIW posted on the HUD Exchange for accurate budget information on leasing and operating budgets and refer to the HUD PAID RENT document sent by your field office from HUD HQ to accurately set your rental assistance budgets that use HUD PAID rents. This will only impact the FY 2021 competition.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2019 or 2020 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions found on the left side menu of e-snaps or hud.gov to find more in depth information about applying under the FY 2021 CoC Competition.

## **Renewal Grant Consolidation or Renewal Grant Expansion**

The FY2021 CoC Competition will continue offering opportunities to expand or consolidate CoC projects. A few changes have occurred that differentiate the process from FY 2019.

1. Expansions and Consolidations will submit individual applications.
  - a. Expansions will ONLY submit a Stand-Alone Renewal application and a Stand-Alone New application.
  - b. Consolidations will ONLY submit individual renewal project applications, identifying the renewal application that will survive, and the renewal applications that will terminate. Up to 10 grants may be included in a consolidation.
  
2. HUD HQ will combine the data (e.g., units, budgets) for Expansion or Consolidation requests from the individual project applications selected for conditional award and provide a data report with further instructions for the field office and conditional recipient.

**1. Is this renewal project application No requesting to consolidate or expand?**

If "No" click on "Next" or "Save & Next" below to move to the next screen.

### 3B. Project Description

**1. Provide a description that addresses the entire scope of the proposed project.**

CCSOMO's RRH Program seeks to move homeless families as quickly as possible into permanent housing & to achieve stability in housing following a Housing First model which does not set preconditions to entry such as sobriety or minimum income threshold. Focus is to reduce barriers so clients can become stably housed & not easily terminated from services. CCSOMO receives referrals from Coordinated Entry which completes screening & assessments including the VI-SPDAT II vulnerability index & sets prioritization based on vulnerability score. Coordinated Entry contacts CCSOMO through the HMIS system to make referrals. Case Conferencing occurs every other week with CoC grant recipients to share resources & strategies to help house clients facing significant barriers. CCSOMO provides clients with: housing stability case management; rental & financial assistance; access to supportive services including assistance in attaining mainstream benefits & community resources in order to achieve stability in housing. RRH Program serves Christian, Greene & Webster counties. The need for RRH Program is critical, as noted in the 2015 Community Focus report, where a red flag was given for lack of emergency shelter beds in Greene County. The number of homeless families with children seeking shelter through Coordinated Entry continues to climb with over 500 requests last year & few emergency units available. Based on CCSOMO's experience with HUD CoC RRH, SSVF & ESG, not only is there an identified need, but many are waiting for assistance including homeless veterans who do not qualify for SSVF, families residing in emergency shelters, those fleeing domestic violence & those who are literally homeless. CCSOMO reaches out to landlords to establish relationships that lead to lower barriers for clients. Homeless families served under RRH program must meet eligibility criteria on entering program of coming from the streets, emergency shelters, institutions or transitional housing. Client data is entered into HMIS. Targeted populations are homeless families especially those who are chronically homeless, veterans, households with members who have substance abuse, mental illness or other disabilities. CCSOMO case managers work with clients in a holistic & individualized manner using a family strengthening model that empowers clients in the decision-making process. This individualized approach allows case managers to work with a client to find housing type, scale & location that fit clients needs. Case managers follow FMR, habitability standards & rent reasonableness standards when assisting clients in housing search & evaluating lease agreements. Outcomes measured are: number of households stably housed when rent assistance ceases & at follow-up; number of households that increased household income either through employment or access to mainstream benefits; number of households who become gainfully employed & achieve self-sufficiency; & number referrals for supportive services.

HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.
