

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2024 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2024 Continuum of Care (CoC) Program Competition. For more information see FY 2024 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2024 CoC Program NOFO.
- Detailed instructions and e-snaps navigation guides can be found on the hud.gov website https://www.hud.gov/program_offices/comm_planning/coc/competition. The Detailed Instructions contain more comprehensive instructions and so should be used in tandem with the navigational guides.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2023 Project Application will be imported into the FY 2024 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- YHDP projects that are eligible for renewal under the CoC program may only use the YHDP Renewal or YHDP Replacement and Reallocation funding opportunities. Please review the NOFO for eligibility standards.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2024 CoC Program Competition NOFO.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2024 renewal project application. The “Submit without Changes” process is not applicable for first time renewing project applications or for a project application that did not import FY 2023 information and e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that select “Yes - Individual Application in a Renewal Grant Consolidation” on the Renewal Grant Consolidation or Renewal Grant Expansion Screen may not use the “Submit Without Changes” process and esnaps will automatically be set to “Make Changes”. In addition, esnaps will automatically be set to “Make Changes” if the project applicant indicates on the Renewal Grant Consolidation or Renewal Grant Expansion Screen, this project application is for a “Yes - Stand-Alone Renewal Application in a New Grant Expansion” project application.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6A. Funding Request
- Screen 6D. Sources of Match
- Screen 6E. Summary Budget - All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2023 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and e-snaps navigation guides found on HUD.gov to find more in depth information about applying under the FY 2024 CoC Competition.

Recipient Performance

1. Did you submit your previous year's Annual Performance Report (APR) on time? Yes

2. Do you have any unresolved HUD Monitoring or OIG Audit finding(s) concerning any previous grant term related to this renewal project request? No

3. Do you draw funds quarterly for your current renewal project? Yes

4. Have any funds remained available for recapture by HUD for the most recently expired grant term related to this renewal project request? No

Renewal Grant Consolidation or Renewal Grant Expansion

The CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will no longer be required to submit a combined version of the application.

a. Expansions will be required to ONLY submit a Stand-Alone Renewal and a Stand-Alone New application.

b. Consolidations will be required to ONLY submit a Survivor grant and a terminating grant. Up to 10 grants may be involved in a consolidation (Survivor + 9 Terminating grants)

2. Since no combined version will be submitted for either the Expansion or Consolidation, the combining of data will occur at Post-Award. HUD HQ will combine all units, beds and budgets prior to the Post-Award process. The field office and applicant will then be required to combine remaining project data at C1.9a (recipient step). HUD HQ will provide a data report with the data all combined. All that will be required for applicants to do is a simple copy and paste.

We hope this process will simplify and reduce any confusion when submitting expansions or consolidations. If you have any questions, please contact the AAQ.

1. Is this renewal project application requesting to consolidate or expand? No

If "No" click on "Next" or "Save & Next" below to move to the next screen.

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

1. Provide a description that addresses the entire scope of the proposed project.

The RRH Families program’s targeted population is literally homeless families with children under the age of 18 (Category 1 and Category 4). This renewal will provide 23 units of housing and support services to The Kitchen, Inc.’s (TKI’s) RRH Families program, which was implemented in 2013. The RRH Families program will serve 23 households, approx. 63 individuals.

TKI has provided housing and support services to people experiencing homelessness for four decades. All TKI programs use a Housing First philosophy and focus on reducing barriers and preconditions to housing. TKI works with the CoC’s CE System to match households to the most effective housing program to hasten their return to stable housing.

Participants then choose where they would like to live in the community with the only restrictions being the unit falls within acceptable FMR/Rent Reasonableness and passes a Housing Quality inspection. Support services are provided by a case manager trained in best practices. When participants first enter the program, they create a housing stability plan with their case manager to determine what their barriers are to maintaining housing, including low/no income, disabilities, etc., and to create goals to help them work towards self-sufficiency. Case managers then work with the participants in providing appropriate referrals to community resources to meet their individual needs along with individualized case management.

TKI works in collaboration with Burrell Behavioral Health, a community behavioral health provider for individuals who have mental health, substance abuse, or other health care needs. TKI has a letter of commitment from Burrell supporting our collaborative relationship. One program we refer to is the Emergency Room Enhancement (ERE) that facilitates easy access to healthcare for those who are uninsured and/or experiencing poverty/homelessness. TKI frequently refers individuals to Burrell’s Assertive Community Treatment (ACT) team. This team is an evidence-based, specialized service which engages individuals who avoid or do not respond well to traditional treatment. The team serves adults ages 18 and up who have a qualifying serious mental illness and significant functional impairments, emotional disturbance, co-occurring substance use disorders, or severe impairments to daily functioning or independent living skills.

TKI works in collaboration with MSU Care, a major provider of free healthcare for adults ages 18-64 who have no health insurance, are not eligible for Medicaid or Medicare, and have a household income equal to or less than 200% of the poverty level. MSU Care and TKI have many overlapping clients due to the populations that we serve. TKI’s CEO, Meleah Spencer, plays an active role on MSU Care Oversight Committee. MSU Care has provided a letter of commitment to TKI and our programs.

In 2023 TKI participated in a community TA workshop to develop a community action plan for Racial and Social Equity in our continuum. The Director of Compliance and Programs serves on the System and Services Committee of the local CoC and will be involved in helping implement the plan developed.

6A. Funding Request

VAWA Budget

In FY2024, the Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor's emergency transfer(s). Additional details of eligible costs include:

- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
- Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC's geography.
- Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
- Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
- Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
- Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
- Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
- Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.

B. VAWA Confidentiality Requirements. Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:

- Monitoring and evaluating compliance.
- Developing and implementing strategies for corrective actions and remedies to ensure compliance.
- Program evaluation of confidentiality policies, practices, and procedures.
- Training on compliance with VAWA confidentiality requirements.
- Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
- Costs for establishing methodology to protect survivor information.
- Staff time associated with maintaining adherence to VAWA confidentiality requirements.

Enter the estimated amount(s) you are requesting for this project's Emergency Transfer Facilitation costs and VAWA Confidentiality Requirements costs for one or both of these eligible CoC VAWA cost categories. The CoC VAWA BLI Total amount can be expended for any eligible CoC VAWA cost identified above.

1. Will this project use funds from this grant to provide for emergency transfer facilitation, which includes the costs of assessing, coordinating, approving, denying and implementing a survivor’s emergency transfer per Section III.B.4.a.(3) (a) of the NOFO? Yes

2. Will this project use funds from this grant to provide for VAWA confidentiality requirements, which includes the costs of ensuring compliance with the VAWA confidentiality requirements per Section III.B.4.a.(3) (b) of the NOFO? Yes

Rural Cost Budget

In FY2024, the CoC Program has added eligible rural cost budget categories to be added in a new CoC Rural Cost Budget Line Item (BLI). The BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. There are three CoC Program rural cost categories that can be requested for your CoC Rural Cost BLI.

- Short-term emergency lodging to include housing in motels or shelters, either by providing direct funding or through vouchers.
- Repairs to housing units in where individuals and families experiencing homelessness will be housed, including housing units.
- Staff Training to include professional development, skill development, and staff retention activities.

3. Will this project use funds from this grant to provide for short-terms emergency lodging, repairs to housing units and staff training per Section III.B.4.b.(3) (a) of the NOFO? No

4. Does this project propose to allocate funds according to an indirect cost rate? No

5. Renewal Grant Term: This field is pre-populated with a one-year grant term and cannot be edited: 1 Year

6. Select the costs for which funding is requested:

Rental Assistance	X
Supportive Services	X

Please note that, new for FY 2018, there are no detailed budget screens for Leased Structures, Supportive Services, Operating, or HMIS costs. HUD expects the original details of past approved budgets for these costs to be the basis for future expenses. However, any reasonable and eligible costs within each CoC cost category can be expended and will be verified during a HUD monitoring.

It is a current recipient of funding numerous federal and SAMHSA grants over the decades.

Burrell is committed to providing quality mental and behavioral health care and substance use treatment to assist individuals and families experiencing unsheltered homelessness, especially those with severe needs. WHEREAS, Partner has a location in Springfield, Missouri and desires to engage Burrell to offer the emergency room enhancement program for eligible individuals onsite; and

3. No Compensation. The parties acknowledge and agree that there is no compensation, exchange of value, or remuneration between the parties under this Agreement. Nothing in this Agreement requires, is intended to require, or provides payment or benefit of any kind (directly or indirectly) for the referral of individuals or business to either party by the other party. Neither party shall: (i) require their employed and/or contracted professionals to refer patients to one another (or to any other entity or person); or (ii) track referrals for purposes relating to setting the compensation of their employed and/or contracted professionals or influencing referral choice.

4. Insurance and Indemnification

5. Confidentiality and Records.

(a) Confidentiality of Information. Absent a valid court order, neither Party will disclose information relating to: (i) this Agreement; or (ii) the operations or confidential information of the other without prior written consent.

(b) Patient Identifying Information. The parties to this Agreement shall comply with all applicable state and federal laws and regulations regarding confidentiality of patient records, including but not limited to the Health Insurance Portability and Accountability Act of 1996 and the Privacy and Security Standards (45 C.F.R. Parts 160 and 164) and the Standards for Electronic Transactions (45 C.F.R. Parts 160 and 162) (collectively, the "Standards") promulgated or to be promulgated by the Secretary of Health and Human Services. To the extent applicable, all medical information and data concerning specific patients (including, but not limited to, the identity of the patients), derived from the business relationship set forth in this Agreement, shall be treated and maintained in a confidential manner by the parties to this Agreement and their employees and agents and shall not be released, disclosed, or published to any party other than as required or permitted under applicable laws.

(c) Access to Records. If either Party should be deemed a subcontractor subject to the disclosure requirements of 42 U.S.C. 1395X(v)(1), such Party shall, until the expiration of four years after the furnishing of services pursuant to this Agreement, make available upon request to the Comptroller General, or any of its duly authorized representatives, a copy of the Agreement and the books, documents and records of services that are necessary to certify the nature and extent of the costs incurred under this Agreement by the Parties. If services or any duties of this Agreement are through a subcontractor with a value or cost of \$10,000 or more over a 12-month period with a third party, such subcontract shall contain a clause to the effect that should the third party be deemed a related organization, until the expiration of four years after the furnishing of services pursuant to such subcontract, the third party shall make available upon request to the Comptroller General, or any of its duly authorized representatives, a copy of the subcontract and the books, documents and records of such third party that are necessary to verify the nature and extent of the costs incurred under this Agreement by either Party.

(d) Exclusion from Federal Health Care Programs. Each party represents and warrants that it, and any of its staff performing services under this Agreement, have not been nor is it about to be excluded from participation in any Federal Health Care Program. Each party agrees to notify the other within five (5) business days of receipt of a notice of intent to exclude or actual notice of

exclusion from any such program. The listing of staff performing services under this Agreement on the Office of Inspector General's exclusion list ("OIG website"), the General Services Administration's Lists of Parties Excluded from Federal Procurement and Non-procurement Programs ("GSA website") for excluded individuals or entities, or the Office of Foreign Assets Control's ("OFAC's") blocked list shall constitute "exclusion" for purposes of this Section. In the event that either party is excluded from any Federal Healthcare Program or placed on the OFAC's blocked list, this Agreement shall immediately terminate. For the purposes of this Section, the term "Federal Health Care Program" means the Medicare program, any State Medicaid program, the Maternal and Child Health Services Block Grant program, the Block Grants for State for Social Services program, any state Children's Health Insurance program, or any similar program.

6. Miscellaneous.

(a) Non-Discrimination. Each Party agrees that it shall not deny service or otherwise discriminate against any patient or potential patient on the basis of age, sex, sexual orientation, gender, race, religion, national origin, ancestry, creed or disability.

(b) Referrals. Nothing in this Agreement shall be construed as an offer or payment by one party to the other party or any affiliate of the other party of any cash or other remuneration, whether directly or indirectly, overtly or covertly, specifically for patient referrals or for recommending or arranging the purchase, lease, or order of any item or service. Any payments made by either party represent the fair market value of the supplies and/or services to be rendered by such Party hereunder and are not in any way related to or dependent upon referrals by and between the Parties.

(c) Notice. Unless otherwise provided for herein, any notice required or permitted to be given to the Parties hereunder shall be in writing and shall be deemed to have been given at the earlier of the date when actually delivered to the Party, or when sent by facsimile (if confirmed), electronic mail, or nationally recognized reliable overnight carrier at the following addresses unless the Party shall otherwise designate its new address by written notice:

(d) No Violation. Neither party shall be deemed to be in violation of this Agreement if it is, or reasonably determines it is, prevented from performing any of its duties or obligations for any reason beyond such party's control, including, without limitation, flood, storm, pandemic or epidemic, strikes, acts of God or the public enemy, or statute, ordinance, regulation, rule or action of any applicable governmental entity.

(e) No Joint Venture. It is understood and agreed by the parties that nothing contained in this Agreement shall be construed to create a joint venture, partnership, association, or other affiliation or like relationship between the parties, or a relationship of landlord and tenant, it being specifically agreed that their relationship is and shall remain that of independent parties to a contractual relationship as set forth in this Agreement. In no event shall either party be liable for the debts or obligations of the other of them, except as otherwise provided in this Agreement.

Racial and Social Equity Toolkit Community Action Plan Template

Directions: Too often, coalitions, policies, and programs are developed and implemented without thoughtful consideration of Racial Equity and Social Justice. When Racial and Social Equity are not explicitly brought into operations, development, and decision-making, racial and social inequities are likely to be perpetuated. The following Racial and Social Equity Toolkit questions provide a structure for institutionalizing the consideration of Racial and Social Equity. This toolkit should be completed in collaboration with key partners (people with lived experience of homelessness and members of groups overrepresented in your homelessness system, CoC Board, Providers, Local Governments, Cross-Sector Partners, Business Community, Inter-Faith Community, Philanthropy, Advocacy Groups, and other key Community-Based Partners and Groups). Each section of the toolkit provides questions around History and Impacts of Your Local CoC Structure, Goals, Power Analysis and Continuous Quality Improvement (CQI).

Community Name: Ozarks Alliance to End Homelessness

One-on-One Pre-work

1. What are you hoping to gain from this workshop?

-
-
-

One-On-One work after Group Session 1: Introduction to Coalition Building and Community Organizing Principles - From Transactional to Transformational.

2. Getting Grounded In Organizing Principles and Transformational Relationships

- What are the long-term goals, results, and outcomes your local CoC is striving for with a Coalition Building Strategy? What are your indicators of success to measure progress?
 - Make homelessness rare, brief, and one-time
 - Data-driven - honing in on SPMs with context
 - Increase safe, affordable housing
 - Engaging with landlords - responsive to housing programs
 - More units, affordable rents, accessible to people experiencing homelessness
 - Single application, eviction court, rental inspections, fair housing policies
 - Landlord-Tenant Education Committee (or Housing Advocacy Committee) as the driver (Housing Collaborative and CoC joint group)
 - Focused in Springfield
 - Includes CoC, city council, tenant organizers, neighborhood groups
 - No landlords, no PWLE
 - Target of education is case managers
- What are the short-term goals, results, and outcomes your local CoC is striving to accomplish with a Coalition Building Strategy? What are your indicators of success to measure progress?

- Systems & Services Committee partner with coalitions to pursue application reforms & risk mitigation - will develop actions (SMART goals) over next three months
- Are the relationships within your local CoC more transactional or transformational? What are some strategies that your CoC can employ to create more transformative relationships amongst members of diverse cultures, political views, and backgrounds?

One-on-One work after Group Session 2: The Role of an Effective Community Organizer in Building Multiracial-Multicultural-Cross-Sector Coalitions

3. Your Role as an Effective Community Organizer- Reflecting deeply on the information and concepts covered in the recent group session please answer the following:
- What natural strengths and talents can you leverage as a Community Organizer building effective multi-racial and multicultural Coalitions to End and Prevent Homelessness?
 - What are some areas that you would need to develop to be an effective Community Organizer?
 - How would you go about developing those skills?
 - Who are your accountability partners/networks regarding your development as an effective Community Organizer?

One-On-One work after session 3 Creating Liberated Spaces - Setting the Table and Inviting Diverse Co-Creators

4. How can transforming your local CoC into a Coalition Building Force strengthen your local CoC's ability to prevent and end homelessness while addressing racial and social disparities?
- Well-oiled machine, everybody's on same page but with diverse voices - able to think through unintended consequences - impact over intent
 - More buy-in from diverse populations on what needs to be done and how to do it
 - Working together, not in silos, harder to push responsibility onto somebody else, people don't fall through the cracks as easily
 - How can transforming your local CoC into a Coalition Building Force harm your unhoused neighbors and groups overrepresented in homelessness such as racially marginalized and historically disenfranchised (LGBTQ2S+, Disability, Incarceral/Legal System-Involved, Rural, Immigrants, etc.) groups?
 - Need to be mindful and combat tokenism - not just consider DEI as an afterthought, but at every step
 - Provide training for PWLE to be prepared for this work - (committees, public speaking legislative advocacy) - past YAB had disappointing experience at legislature
 - Address interpersonal boundaries
 - Sometimes negative impact of advocacy and publicity - people might respond negatively to people's stories - they're people, not science projects
 - Homeless Awareness Month - focus on DEI would be great but might not be right platform, might touch off culture war in their community
 - Who is your local CoC going to be accountable to with a Coalition Building Strategy? How will you communicate, co-create, evaluate, and share results?
 - Ideally, accountable to own community - the community says what they need and we respond to it - however, dictated by things outside of our control e.g. HUD says to focus on a certain thing

- Often, CoC doesn't know what needs to be done for their community - can look to other communities but they're also struggling and/or very different from our community - innovation means nobody's done it before so hard to get buy-in
- Accountability to funders - NOFO
- Accountability to people accessing services, community - transparency, show that we're doing what they say is needed and we say we're doing - e.g. doing unending research without community participation and/or sharing outcomes
- Addressing unrealistic expectations - use more data to show our work - in addition to SPMs, decide some specific data points unique to our community
- How can transforming your local CoC into a Coalition Building Force raise your community's collective consciousness and ability to build solidarity across race, gender, sexuality, class, ability, age, citizenship status, geography, and politics, to name a few?
 - They who shall not be named helps fill gaps because they don't have the same restrictions related to funding - they were critical to the success of last PIT, cold-weather sheltering - Issue with understanding that there are a lot of different pieces to the puzzle - throws people under the bus in media - they do bring some positive disruption to the work - need to do some level-setting with them
 - Need to map out everybody's role they're playing or piece in the puzzle
- Who is missing from the table or needs to be a part of your base in order to implement a Coalition Strategy?
 - Not just agencies who are doing this work - people in adjacent silos (e.g. bankers in financial stability convos, health care committee, legal committee) - have partnerships with probation/parole and law enforcement but not attorneys, judges, etc
 - Dream Center - community programs for youth, food, etc
 - Churches and community centers
 - Child welfare orgs
 - Landlords
 - Electeds on other side of aisle?
 - People with lived experience
- What are the organizational, environmental, structural, and legal considerations in order to make this happen?
 - Compensation for PWLE - who has money? - plan to spread out across orgs but want to avoid creating more work throughout the process.

5. Which individuals, organizations, committees, or workgroups will need to be involved to develop and implement a strategy effectively? Please list all individuals or groups who should be directly involved, what role they will play in the coalition. (e.g. Are they part of a new working group? Will they review plans and provide feedback? Will they be involved in planning, implementation, or both?) and provide notes on the status of engagement (e.g. Are they aware of the workshop and your goals? What have they committed to? etc.) Note: collaborators engaged in the process should be able to determine their own level of engagement.

Be intentional with information shared so that collaborators can make an informed decision around level of engagement.

Individual/Group to Engage	Role	Level of Engagement
Lived Experience Council	Input, Development, Feedback	Med-High
Healthcare to Housing Coalition (Cox, Mercy, JV, MSU Care, Inpatient)	Formal Partnerships, Funding, Planning/Developing/Implementing Process for Discharge	High
Groups not heavily engaged w/CoC (TCG, Culturally Specific - Indian Center, NAACP, Grupo LatinoAmericano, etc)	Relationship/Connection	Low-Med
Children's Division & DYS (Linda Stainback) (Rachel has the in)	Partnering w/CoC to ensure proper exiting (not into homelessness)	Low-Med
City of Springfield	Leading/Partnering on affordable housing/innovative housing	Med-High
OAEH Executive Board	Implement	High

One-On-One work after session 4 The Role of Valuing Culture: Setting the Table and Inviting Diverse Co-Creators

6. Setting the table and diverse co-creators

- Who does your current CoC structure impact the most (e.g. populations and groups most prevalent and/or disproportionately represented)? How does the public (greater community) view those who are most impacted? How have those most impacted been harmed by this view?
 - Black folks experience homelessness disproportionately due to historic racism - poverty rates
 - Performance data disaggregated by race is hard to come by

- Reentry program serves more Black folks (due to inequity in criminal legal system), other programs serve predominantly White folks
- Community views: racism and "bootstrap" ideology
- Families are served disproportionately - families seen as more deserving than single folks
- Folks with MI overrepresented - Springfield is "meth capital of the world" - people make judgements about what's going on and views people as addicts - drug use is a choice so it's their fault - Providers aren't trained to deal with SMI
- Not good options for people who need more support - people end up in jail
- Need to address "silver tsunami" - aging adults who can't work, don't have income to afford housing
- What stands in the way of achieving the dreams of more humanizing relationships expressed in parts one and two of the visioning exercise?
 - Should be driven by PLEE - providers understand ins and outs of funding, but PLEE don't necessarily - without having to live in the box of funding constraints, PLEE may come up with more creative solution
 - Multi-generational housing (youth, aging)
 - Ignorance stands in the way - the more unsheltered folks, the worse the attitudes become (criminalization)
 - Toxic charity - we're going to swoop in a fix everything for them - takes away their dignity
 - People don't talk to each other, have to be willing to hear different perspectives
- Share out on writing exercise: What becomes possible when relationships are intentionally healed, sustained and expanded?
 - Truly get creative and collaborative and make it easy to access services and not be funneled like sleep through a corral - One Stop Shop is chaotic due to high level of need - panic-inducing
 - People who are unsheltered get to say what they need and access it
 - For people who work, they don't have to make a choice between paying for childcare and not working/accessing assistance
 - See hope in cold weather shelter - volunteers and churches ensured that everybody who wants shelter can access it (available to people who want congregate, sober shelter) - how do we harness that while acknowledging the issues?

7. Power Analysis

- Who/which institutions are benefiting the most from the local current CoC structure?
 - Landlords - rents are so high because they can charge that
 - No way to make money off providing assistance to folks - there aren't resources to pay for it
 - Massive jail got tax money and will make money
- In what ways does your CoC maintain the status quo or act unknowingly as a gatekeeper undermining innovative and equitable solutions?
 - Not the CoC - have grant parameters that don't allow some creative solutions
 - Philanthropic dollars are the match for CoC
 - Everybody's so busy, it's hard to develop new programs even when there is new funding
 - Think about bridges built with DV service providers - how has that grown our CoC?
- What has been your individual role in maintaining the status quo?
 - Busy & stretched thin - easy to say you can't learn/think about it because you have so much to do

- We all need to help each other across agencies - set standards and provide training
- Easier to stay in your lane and do what you need to do
- Used to be more siloed but we're more willing to share with one another now - one agency doesn't need to take on everything - sustainability - build capacity of others to play a role

One-On-One work after session 6

Collective Debrief and Reflection Session: reflecting on the tools and resources shared and the collective community work that has taken place, what is the community's strategy to move forward? Communities should have a clear vision and be able to articulate steps to actualize a vision that has the aim of developing and sustaining impactful cross sector partnerships, authentically engaging communities most impacted, and building power with people with lived experience/expertise of homelessness.

Strategies for moving the work forward

Strategy: Incorporate the voices of PLEE into all decisions made by CoC
