Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2026 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile)must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2026 Continuum of Care (CoC) Program Competition. For more information see FY 2026 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2026 CoC Program NOFO.
- Detailed instructions can be found on the hud.gov website https://www.hud.gov/program_offices/comm_planning/coc/competition. The Detailed Instructions contain more comprehensive instructions to help navigate e-snaps.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2026 Project Application will be imported into the FY 2026 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- YHDP projects that are eligible for renewal under the CoC program may only use the YHDP Renewal or YHDP Replacement and Reallocation funding opportunities. Please review the NOFO for eligibility standards.
- Rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2026 CoC Program Competition NOFO.
- To expedite grant agreement processing, ensure that the UEI does not have an expiration date in the early calendar year (January - May).

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

The data from previously submitted new and renewal project applications can be imported into a FY 2026 renewal project application. The “Submit without Changes” process is not applicable for first time renewing project applications or for a project application that did not import FY 2025 information and e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that select “Yes - Individual Application in a Renewal Grant Consolidation” on the Renewal Grant Consolidation or Renewal Grant Expansion Screen may not use the “Submit Without Changes” process and esnaps will automatically be set to “Make Changes”. In addition, esnaps will automatically be set to “Make Changes” if the project applicant indicates on the Renewal Grant Consolidation or Renewal Grant Expansion Screen, this project application is for a “Yes - Stand-Alone Renewal Application in a New Grant Expansion” project application.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:
- Recipient Performance Screen
- Consolidation and Expansion
- Screen 3A. Project Detail
- Screen 6A. Funding Request
- Screen 6D. Sources of Match

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2024 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Once a project applicant selects a checkbox and clicks "Save", the project applicant cannot uncheck the box.

Recipient Performance

1. Did you submit your previous year's Annual Performance Report (APR) on time?	Yes
2. Do you have any unresolved HUD Monitoring or OIG Audit finding(s) concerning any previous grant term related to this renewal project request?	No
3. Do you draw funds quarterly for your current renewal project?	Yes
4. Have any funds remained available for recapture by HUD for the most recently expired grant term related to this renewal project request?	Yes

4a. If HUD recaptured funds provide an explanation.

For the most recently completed grant period (FY2024), we have 14% recaptured from our RRH Youth project, 2% recaptured from our RRH Families project, and 37% recaptured from our Chronic PSH project. This is a reflection of the challenging in working with leasing grants in a community with a severe shortage of affordable housing units. Chronic participants are often much more challenging to enroll, get necessary documentation, and complete housing navigation with due to intense barriers that delay the process to permanent housing, often results in funds being recaptured at the end of the grant period.

Renewal Grant Consolidation or Renewal Grant Expansion

The CoC Competition will continue offering opportunities to expand or consolidate CoC projects.

1. Expansions and Consolidations will no longer be required to submit a combined version of the application.
   a. Expansions will be required to ONLY submit a Stand-Alone Renewal and a Stand-Alone New application.
   b. Consolidations will be required to ONLY submit a Survivor grant and a terminating grant. Up to 10 grants may be involved in a consolidation (Survivor + 9 Terminating grants)

2. Since no combined version will be submitted for either the Expansion or Consolidation, the combining of data will occur at Post-Award. HUD HQ will combine all units, beds and budgets prior to the Post-Award process. The field office and applicant will then be required to combine remaining project data at C1.9a (recipient step). HUD HQ will provide a data report with the data all combined. All that will be required for applicants to do is a simple copy and paste.

3. Rural Set Aside projects may only consolidate with other Rural Set Aside projects.

We hope this process will simplify and reduce any confusion when submitting expansions or consolidations. If you have any questions, please contact the AAQ.

1. Is this renewal project application requesting to consolidate or expand? No

If "No" click on "Next" or "Save & Next" below to move to the next screen.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The Kitchen, Inc.'s Chronic Permanent Supportive Housing (PSH) project provides permanent housing and individualized, housing-focused supportive services to individuals experiencing chronic homelessness who have a qualifying disability and significant barriers to housing stability. As a leasing project, The Kitchen, Inc. holds the leases on units and uses the stability of permanent housing as a foundation for participants to address the factors contributing to long-term homelessness. Case management focuses on housing stability, recovery and sobriety, physical and behavioral health, employment, income, benefits, and development of the skills and community connections necessary for greater self-sufficiency.

The project places particular emphasis on helping participants increase sustainable income and strengthen recovery supports. Participants who are able to work are connected to workforce development, vocational rehabilitation, education, training, and employment opportunities, while individuals unable to pursue employment are assisted with accessing SSI/SSDI, mainstream benefits, and other appropriate income sources. Participants experiencing substance use disorders are actively connected to treatment, peer recovery, and community-based recovery resources that support sobriety and long-term stability. Staff regularly assess progress toward individualized goals and work to ensure participants develop connections to healthcare, behavioral health, employment, benefits, and other community resources that can continue beyond HUD-funded assistance.

While long-term housing retention remains a successful outcome for participants who continue to require PSH, the project will also intentionally create pathways toward greater independence. When participants achieve sufficient housing stability, income, recovery, and independent living skills, staff will assist them in transitioning to stable permanent housing with reduced or no ongoing housing assistance when appropriate. Employment, sobriety, income, or service participation will be a requirement of housing depending on the individual's circumstances and goal and will be supported through active case management. This approach allows the project to provide long-term stability to participants with the greatest ongoing needs while helping those who are able to progress toward successful exits, increased self-sufficiency, and sustainable housing without ongoing assistance.

3C. Dedicated Plus

100% Dedicated or DedicatedPLUS

A "100% Dedicated" project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families.

A "DedicatedPLUS" project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria:

(1) experiencing chronic homelessness as defined in 24 CFR 578.3;
(2) residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
(3) residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
(4) residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
(5) residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
(6) receiving assistance through a Department of Veterans Affairs(VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds were dedicated to individuals and families experiencing chronic homelessness under the grant that is being renewed may either be reallocated as a DedicatedPLUS project or may continue as a renewal dedicating 100 percent of its beds to individuals and families experiencing chronic homelessness. If the project is reallocated as a DedicatedPLUS project, the project must adhere to all fair housing requirements at 24 CFR 578.93.

1. Is this project "100% Dedicated," "DedicatedPLUS," or "N/A"? (Only select "N/A" if this project was originally awarded as a grant that did not have requirements to only serve persons experiencing chronic homelessness and meets the definition of "non-dedicated permanent supportive housing beds" in the NOFO Section III.G.8).	100% Dedicated

6A. Funding Request

VAWA Budget

The Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The new BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor's emergency transfer(s). Additional details of eligible costs include:
- Moving Costs. Assistance with reasonable moving costs to move survivors for an emergency transfer(s).
- Travel Costs. Assistance with reasonable travel costs for survivors and their families to travel for an emergency transfer(s). This may include travel costs to locations outside of your CoC's geography.
- Security Deposits. Grant funds can be used to pay for security deposits of the safe unit the survivor is transferring to via an emergency transfer(s).
- Utilities. Grant funds can be used to pay for costs of establishing utility assistance in the safe unit the survivor is transferring to.
- Housing Fees. Grant funds can be used to pay fees associated with getting survivors into a safe unit via emergency transfer(s), including but not limited to application fees, broker fees, holding fees, trash fees, pet fees where the person believes they need their pet to be safe, etc.
- Case Management. Grant funds can be used to pay staff time necessary to assess, coordinate, and implement emergency transfer(s).
- Housing Navigation. Grant funds can be used to pay staff time necessary to identify safe units and facilitate moves into housing for survivors through emergency transfer(s).
- Technology to make an available unit safe. Grant funds can be used to pay for technology that the individual believes is needed to make the unit safe, including but not limited to doorbell cameras, security systems, phone, and internet service when necessary to support security systems for the unit, etc.

B. VAWA Confidentiality Requirements.Examples of eligible costs for ensuring compliance with VAWA confidentiality requirements include:
- Monitoring and evaluating compliance.
- Developing and implementing strategies for corrective actions and remedies to ensure compliance.
- Program evaluation of confidentiality policies, practices, and procedures.
- Training on compliance with VAWA confidentiality requirements.
- Reporting to CoC Collaborative Applicant, HUD, and other interested parties on compliance with VAWA confidentiality requirements.
- Costs for establishing methodology to protect survivor information.
- Staff time associated with maintaining adherence to VAWA confidentiality requirements.

Enter the combined estimated amount(s) you are requesting for this project's Emergency Transfer Facilitation costs and VAWA Confidentiality Requirements costs for one or both of these eligible CoC VAWA cost categories on the summary budget screen. The CoC VAWA BLI Total amount can be expended for any eligible CoC VAWA cost identified above.
