2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization's (and subrecipient(s) if applicable) experience in effectively utilizing Federal funds and performing the activities proposed in the application.

Victory Mission has operated as a 501(c)3 since 1976. The organization is governed by a board of directors which provides financial oversight. The executive director and other staff implement the day-to-day tasks required to carry-out the organization's mission.

While Victory relies primarily on private philanthropic gifts, the organization has had success administering federal and state funding sources. In 2019, Victory received ESG dollars from the local Continuum of Care. Victory has also successfully administered multiple rounds of Neighborhood Assistance Program (NAP)Tax credits from Missouri's Department of Economic Development. Victory is currently administering an $11 million-dollar general revenue allocation from the State of Missouri for capital expenditures associated with its new facility.

Victory Mission operates within standard accounting practices and receives an external audit each year. Grant funds from the COC will be administered in accordance with Uniform Guidance (2 CFR Part 200). Grant expenditures will be coded to this project and tracked for financial review.

2. Describe your organization's (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

Victory Mission relies on a diverse funding stream. Federal dollars provided by the Continuum of Care will be matched by local resources. $2,451,663 was spent on program service delivery in Fiscal Year 2025. The program budget is supported by a year-round direct mail campaign, periodic fundraising events, major gifts, and other private donations. A $90,000 grant award from the CoC will enhance service delivery by allocating additional financial resources towards intake and assessments, case management, professional counseling, and workforce readiness. However, the federal funds invested will represent less than 4% of the agency's program budget.

Victory Mission intentionally leverages a diverse funding stream because there is no guarantee that today's funding will be available tomorrow. Previous executive leadership cultivated a broad donor base that has led to substantial direct mail donations. NAP tax credits from Missouri's Department of Economic Development have been used to incentive donations from wealthy patrons and cultivate relationships for major gifts. Social enterprises such as Equip Coffee, Springfield Mattress Recycling, Mission Junk Removal, and textile recycling have created sustainable business revenue. The infusion of federal funds through the CoC will add federal funding to Victory's portfolio.

24 CFR Part 578 authorizes the Continuum of Care Program to bring agencies together to end homelessness at the community level. Federal funding is provided to non-profits and government agencies for the purpose of quickly rehousing unsheltered individuals and families. CoC dollars provided by this grant will be faithfully matched by the resources of Springfield Victory Mission ensuring a local stake in our collective effort to address homelessness.

3. Describe your organization's (and subrecipient(s) if applicable) financial management structure.

Victory Mission's financial management structure is designed to minimize fraud, waste, and abuse of its resources. Bi-annual audits are completed by a third party accounting firm. During the audit process, the auditing firm reviews internal processes and procedures for compliance with standard financial operating procedures. Duties are divided to ensure that no one individual has the authority to receive and spend money. Purchase requests are submitted by staff to their direct supervisors for all purchases over $25. All employees are required to get a minimum of three quotes for all purchases over $5,000. The board and/or executive director are required to sign off on all purchases over $5,000.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Victory Mission is requesting COC funds to cover supportive services offered to those staying at their 30-day emergency shelter. The 30-day shelter program targets the needs of underserved populations. 46% of those that stay at Victory's Emergency Shelter have a history of chronic homelessness. In 2025, 20 individuals reported coming directly from prison, 25 transitioned from a halfway house, 21 transitioned from a psychiatric hospital, 11 came from a detox center, 2 came from long-term care, and 18 came from a non-psychiatric institution.

Victory Mission focuses on building resiliency to life's challenges. CCO funding will cover salary expenses for case management, licensed professional counseling, and workforce readiness. Together these services; (1) connect the under-resourced with temporary financial assistance and legal documents required for stable employment and housing; (2) mental healthcare that processes past trauma and builds social-emotional resilience to overcome present challenges; and (3) soft skills that build the foundation of a long-term career.

Our case management program is designed to instill motivation and provide clear direction for moving from an emergency shelter to more permanent housing arrangements. The interview process documents barriers to self-sufficiency and then helps connect the individual to services designed to provide the scaffolding needed for future independence. SNAP, Medicaid, Section 8, and other subsidized basic needs provide temporary relief while the individual works towards employment and independence.

Licensed Professional Counseling helps individuals process adverse childhood experiences. Of those that were previously surveyed by Victory's LPC, 45% had suicidal thoughts, 25% attempted suicide, 35% struggle with depression, 33% reported PTSD, 20% were diagnosed Bipolar, 56% reported a history of methamphetamine abuse, and 38% reported a history with alcohol. Hour-long counseling sessions help individuals process past events and utilize cognitive behavioral techniques designed to minimize problematic behaviors.

The WorkReady Bootcamp provides the individual with the skills needed to create a resume and interview successfully for a job. The program also teaches the importance of showing up to work on time, respecting peers, interacting with authority figures, and completing daily tasks with excellence. Local employers offer mock interviews and connect applicants to job opportunities.

4A. Supportive Services for Participants

1a. Describe how The Supportive Services project is necessary to assist people in exiting homelessness, addressing barriers to stable housing (e.g., substance use disorder, unemployment, childcare, etc.) and increasing self-sufficiency.

The Supportive Services project is necessary to empower individuals with adverse backgrounds to gain the level of autonomy required for overcoming chronic or temporary homelessness. Case management provides a roadmap for forward progress, licensed mental health care builds skills that allow individuals to effectively self-regulate their emotions and behaviors, and soft skills training opens the doors for entry level employment. Funds will be allocated towards the salary expenses of Victory's licensed professional counselor, case manager, WorkReady Bootcamp program coordinator, and Front Desk intake and assesment team. Supportive services will be provided for those living at Victory Mission's Emergency Shelter. However, those living at the transitional shelter will be able to freely enroll if they would like to engage in the services.
Victory Mission operates the largest emergency men's shelter in Southwest Missouri. In 2025, 658 unique individuals stayed at the shelter and 12,000 bed nights were provided. The combination of licensed mental health counseling, case management, and life skills training positions individuals to earn an income and move towards the path of self-sufficiency. For the reporting period from July 1, 2025 - June 30, 2026, 6.5% of those who entered Victory's Emergency Shelter had earned income. At exit, 34% had earned income alone. Once these individuals gain an income, they move in with friends or family, access subsidized housing through LIHTC/Section 8, or move into a market rate housing unit.
Victory Mission has been operating a shelter for men at 1610 N. Broadway Avenue since 2006. Prior to opening the men's shelter, Victory operated Victory Mission Family Center, Victory House, Victory Trade School, and Cook's Kettle. The shelter has 46 emergency shelter beds and 80 transitional shelter beds. Emergency shelter is available for 30 days with the possibility for extension if the individual is engaged in the Work Ready Boot Camp. The 80 transitional shelter beds are available for $16 a night. The nightly fee for a bed is similar to the cost associated with a night's stay at the YMCA when their institution offered housing for those that had moved to the city in search of work in manufacturing. Single unit rental options have vanished with changes to zoning laws and the suburbanization of society. These changes have left a segment of the population without an accessible housing option. Victory Transitional Shelter is a service option of a bygone era.

2. How will this project be supplemented with resources from other public or private sources, that may include mainstream health, social, and employment programs such as Medicare, Medicaid, SSI, and SNAP.

Victory Mission has a strong partnership with SRC and other local employers. Victory Mission has built a strong reputation of referring individuals that the employer can count on. This trust, and the soft skills cultivated prior to the referral, help position Victory Mission residents for future success.
In addition to relationships with local employers, Victory refers individuals to Vocational Rehab, the Career Center, the Veteran's Administration, and other agencies with workforce programming. Victory Mission stays engaged in community meetings so that it is up to date on what workforce programs are available for their clients. Additionally, Victory is next door to the Career Center so transportation barriers for employment services are minimized.
Victory Mission refers individuals to non-CoC funded housing resources to increase the likelihood of success for their clients. The case manager does inform its program participants about opportunities to access Section 8 and LITHC housing. However, these programs often have a long waiting list. To keep the pipeline moving forward, Victory Mission is always striving to build personal relationships with landlords and other housing providers so that when graduates have a stable income source, they can secure a lease for housing.

2a. Will the applicant conduct and annual assessment of service needs of the program participants? Yes

3. Describe the strategy for providing supportive services to eligible program participants (including those with history of unsheltered homelessness and those who do not traditionally engage with supportive services).

Victory Mission's emergency shelter is designed to be an entry point for those that do not traditionally engage with supportive services. Case management provides a baseline assessment and creates a roadmap for incremental progress towards independence. Licensed mental health counseling equips individuals with coping mechanisms so that they can begin to engage in healthy relationships with themselves, family, friends, co-workers, and others that they may encounter in daily life. The Work Ready Bootcamp focuses on soft skills that are universal to employment. All of these services start with the assumption that each individual is unique and that adverse childhood experiences likely disrupted the traditional developmental pathway that leads to financial self-sufficiency within adulthood. The individual may need assistance accessing legal documents, tutoring for literary or numeric proficiency or help regulating emotions during stressful periods. Victory Mission staff are intentionally present with all of their clients, ask informed questions, and listen for insights that will provide client direction.

Describe the "Persons Not Represented by a Listed Subpopulation" referred to above:

Participants not represented by a listed subpopulation are men experiencing transitional or first-time homelessness who do not have a documented disabling condition, are not veterans, and do not meet the Chronic definition of homelessness. Most men enter the shelter following a job loss, eviction, the end of a relationship or family housing arrangement, or release from a short-term institutional stay. All meet Category 1 literal homelessness at entry. While these participants do not present the clinical needs associated with the listed subpopulations, they face the same barriers to re-housing: no savings for deposits, damaged or absent rental history, and, in many cases, no employment or employment that is not sufficient for maintaining housing. The supportive services requested: education services, employment assistance and job training, life skills training, mental health services, and case management, are designed to move participants out of the shelter or transitional housing quickly by developing long-term life skills that will allow them to move into permanent housing and be independently successful.

Data on this screen should be based on Maximum Occupancy at a single point in time. It should not be based on the estimated amount of participants that will be served throughout the grant term.

VAWA Budget

The Violence Against Women Act (VAWA) has clarified the use of CoC Program funds for VAWA eligible cost categories. These VAWA cost categories can be added to a new project application to create a CoC VAWA Budget Line Item (BLI) in e-snaps and eLOCCS. The new BLI will be added to grant agreements and utilized the same as other CoC Program BLIs in e-snaps and eLOCCS. Eligible CoC VAWA costs can be identified in one or both of the following CoC VAWA categories. Examples of eligible costs in these cost categories are identified as follows:

A. VAWA Emergency Transfer Facilitation. Examples of eligible costs include the costs of assessing, coordinating, approving, denying, and implementing a survivor's emergency transfer(s). Additional details of eligible costs include:
